

## **MAZDA FINISHES SECOND AT SEBRING**

### **QUOTES FROM MAZDA MOTORSPORTS**

#### **HARRY TINCKNELL**

“Sebring marked another great result for the No. 55 Mazda RT24-P. Now with two races and 36 hours completed, we have a fantastic start to the season.”

#### **OLIVER JARVIS**

“This was one of the toughest races of my career. While we didn’t have the fastest car on the track, the team was flawless in our strategy and pit stops, which helped us finish second. This is a great result for the team and the championship.”

#### **JONATHAN BOMARITO**

“After a grueling twelve hours and a stressful end, we finished second. This was a strong effort by Harry, Olly, and the entire Multimatic team. We’re excited to come out of this leading the championship as we head to Mid-Ohio.”

#### **BRAD AUDET** **CHIEF MARKETING OFFICER, MAZDA NORTH AMERICAN OPERATIONS**

“Coming off our DPi victory at Sebring last November, it was good to return with a second-place finish and improve our standing in the championship. Despite a few challenges, the drivers did an exceptional job and the team showed strong perseverance. Leading up to Saturday’s event, the two Mazda MX-5 Cup races on Thursday and Friday gave IMSA fans thrilling action to watch with tight racing and a three-wide finish.”
