QUOTES FROM MAZDA MOTORSPORTS

HARRY TINCKNELL

“We thought we had the race under control, but the last caution was really unlucky for us. In the end, we had a good finish. Three podiums in a row to start the season is great for the team. I’m excited to head to Detroit next month where we will challenge for our first win of the season.”

OLIVER JARVIS

“We had a car capable of winning the race, but the yellow flag changed our strategy. While the setback is disappointing, I’m proud of the result and the Multimatic team’s effort. These podium finishes put us in a great position in the championship.”
