Harry Tincknell

"This week marked 30 years since Mazda's win at Le Mans in 1991 and a 6-hour win to go with that is incredible. Sunday's win wouldn't be possible without our team's determination to improve. We got faster with every session, and our pit stops were amazing."

Jonathan Bomarito

"We're proud to celebrate back-to-back wins at this 6-hour event, and we appreciate the support of our fans. This was an amazing day for everyone at Mazda and Multimatic."

Oliver Jarvis

"Harry drove exceptional at the end. This win came at a perfect time in the championship for our team. Now we have great momentum going into next week's race."
