

## **STATEMENT ON SAFETY RECALL 6223J**

### **REARVIEW AND 360-DEGREE IMAGES MAY NOT DISPLAY ON CERTAIN 2024 MY CX-90 AND MAZDA3 VEHICLES**

WASHINGTON, DC. (Oct. 27, 2023) – Mazda North American Operations (MNAO), on behalf of Mazda Motor Corporation, has filed a defect notification with the National Highway Traffic Safety Administration (NHTSA) for a safety defect, which exists on certain 2024 MY CX-90 and Mazda3 vehicles.

Images of the front-, side-, and rear-view cameras may flicker and, in some cases, may no longer appear on the center display monitor. Improper processing logic in the view monitor camera control module may cause image deterioration.

Loss of front-, side-, and rear-view camera images when in reverse and/or using the 360-degree monitor can increase the risk of a crash. There is no warning preceding the occurrence of this defect.

There have been no reports of any accidents or injuries due to the defect.

In the U.S. and U.S. territories, the following vehicles are affected:

2024 MY CX-90 - Approximately 10,782 units

2024 MY Mazda3 - Approximately 1,121 units

Affected owners will be notified by U.S. Mail. Please check [mazdarecallinfo.com](https://mazdarecallinfo.com) or [nhtsa.gov](https://nhtsa.gov) for the latest updates.

Mazda North American Operations is headquartered in Irvine, California, and oversees the sales, marketing, parts and customer service support of Mazda vehicles in the United States, Canada and Mexico through approximately 780 dealers. Operations in Canada are managed by Mazda Canada Inc. in Richmond Hill, Ontario, and operations in Mexico are managed by Mazda Motor de Mexico in Mexico City; and operations in Colombia are managed by Mazda de Colombia in Bogota, Colombia.
