

## 2018 MAZDA MX-5 SOFT TOP FACT SHEET

It's easy to see why Mazda MX-5 Miata continues to be the best-selling roadster in the world, with more than 1 million sold since 1989. For 2018, MX-5 offers a new Dark Cherry soft top option, and premium exterior paint colors Soul Red Crystal and Machine Gray Metallic join the color palette. Additional new features such as heated RECARO sports seats and a retuned rear suspension in soft top models further highlight numerous small improvements that keep fans coming back. These design and performance updates help further MX-5's mission to provide one of the best driving experiences offered in any car on sale today, regardless of price point.
