

2018 MAZDA6 FACT SHEET

Re-engineered and refined for 2018, Mazda6 features many newly available technologies and premium features, including an available turbocharged SKYACTIV-G 2.5T engine and authentic materials like Deep Chestnut Nappa leather, UltraSuede® NU and Japanese Sen wood in its top-tier Signature trim level. Its all-new interior also include fully redesigned seats with high-density, vibration-absorbing urethane foam that help improve comfort and reduce fatigue. Underneath its sheet metal, Mazda6 has been rethought, using thicker steel in the floor for sound abatement, and its suspension has been completely re-engineered for better driving experience and greater refinement.

Starting MSRP: \$21,950¹

EPA - Estimated Fuel Economy (mpg)

	M/T - City / Hwy / Combined	A/T - City / Hwy / Combined
2.5 L Turbo		23 / 31 / 26
2.5 L	24 / 33 / 27	26 / 35 / 29
