- 7 New seatbelt reminder indicator for driver and all passengers

### 2019 MAZDA CX-5 OVERVIEW

From a simple commute to an epic road trip, experiences are formed, and memories are made. Mazda vehicles are more than a mode of transportation, they are created to be part of the journey and help enliven the adventure for all those who are part of the ride. Mazda aims to enrich people's lives through a vehicle ownership experience that celebrates driving and to become a brand that creates an emotional bond with its customers.

The Mazda CX-5 compact crossover SUV is an excellent embodiment of that philosophy, as a vehicle that allows all to share in the excitement of the time spent on the road. CX-5 is Mazda's best-selling vehicle in the U.S. and has surpassed 2 million units sold worldwide. With many industry accolades to its credit, including a Top-Three Finalist for the 2018 World Car of the Year and one of Car and Driver's 10Best Trucks and SUVs for 2018, it's easy to see why it's had so much success.

In its 2012 debut, CX-5 helped introduce the world to Mazda's KODO-Soul of Motion design ethos and SKYACTIV Technology that would lay a path for Mazda vehicles to come. Since then, CX-5 has seen continuous improvements, including an all-new redesign in 2017. Now for 2019, it takes its next key step with a high-quality interior befitting a new top-tier Signature trim level, the refinement of the powertrain lineup with the addition of the turbocharged SKYACTIV-2.5T engine and an enhanced focus on the chassis featuring the latest technologies with G-Vectoring Control Plus.

### WHAT'S NEW?

Mazda is a fan-first brand that listens to its customers when making thoughtful improvements each model year. For the 2019 Mazda CX-5, designers and engineers added a host of premium features and technologies, headlined by a Signature top-tier trim level and turbocharged SKYACTIV-G 2.5T engine, all of which help enrich the driving experience for the driver and all passengers.

Here is an at-a-glace list of what's new about the 2019 CX-5 (for a full list of changes, please see the spec deck on page 17).

- New Grand Touring Reserve and Signature trim levels
- Newly available SKYACTIV-G 2.5T engine with 310 lb-ft at 2,000 rpm and 250 hp at 5,000 rpm (227 hp at 5,000 rpm on 87-octane gasoline)
- New G-Vectoring Control Plus standard on all CX-5 models
- New Signature trim level badge
- New Apple CarPlay™ and Android Auto™ infotainment technologies on Touring trim level and above
- New SiriusXM® 3 Year Traffic and Travel Link Subscription on Grand Touring trim level and above
- New reconfigurable 7.0-inch TFT gauge display on Grand Touring trim level and above
- New 360° View Monitor with front and rear parking sensors on Signature trim level

- New ventilated front seats on Grand Touring Reserve trim level and above
- New 19-inch alloy wheel design on Grand Touring trim level and above
- New power-folding door mirrors on Grand Touring Reserve trim level and above
- New auto-dimming rearview frameless mirror with Homelink® on Signature trim level
- New Caturra Brown Nappa leather-trimmed seats on Signature trim level
- New genuine layered wood trim on Signature trim level
- New satin chrome accents on Signature trim level
- New leather-wrapped steering wheel with unique stitching on Signature trim level
- New black headliner on Signature trim level
- New ambient interior LED lighting on Signature trim level
- Newly available heated rear seats on Grand Touring Reserve trim level and above
- Newly available heated steering wheel on Grand Touring Reserve trim level and above
- Newly available Active Driving Display with Traffic Sign Recognition on Grand Touring Reserve trim level
- Newly available windshield wiper de-icer on Grand Touring Reserve trim level and above
- Retuned suspension and chassis for improved performance and ride comfort
- Grand Touring Premium package adds power-folding door mirrors and ventilated front seats

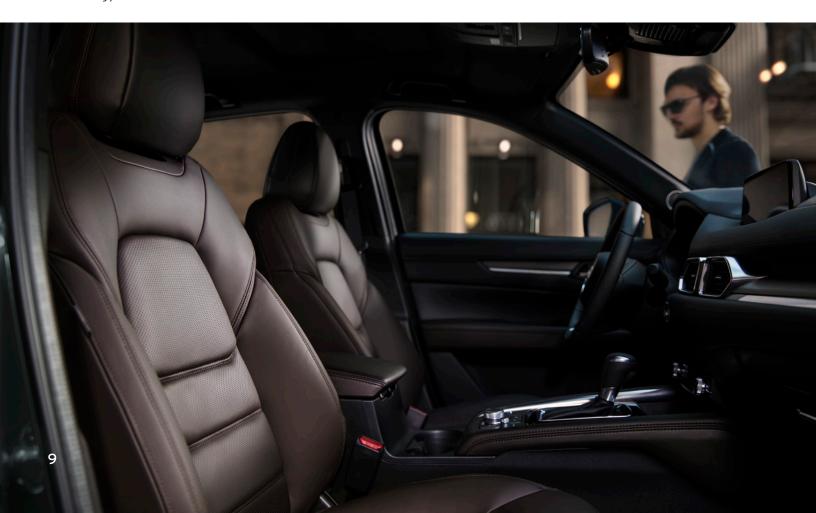

### SIGNATURE LOOK AND FEEL

Beauty is in its simplicity and a single look is enough to sense the updated CX-5's sophistication, prevision and superior craftsmanship. CX-5 has already benefited from premium features such as leather-trimmed seats, a leather-wrapped steering wheel and heated front and rear seats, but 2019 looks to heighten the feeling of the interior even more.

With the success of the Signature trim level in the CX-9 and the recent addition in the Mazda6, Mazda's flagship SUV and sedan, respectively, it was only appropriate to follow suit in the ever-popular CX-5. The new 2019 CX-5 Signature composes elegant features such as Caturra Brown Nappa leather seats that appeals to mature sensibilities, genuine layered wood trim that gives a feeling of warmth and modernity and satin chrome accents to tie the whole look together. The leather-wrapped steering wheels features unique stitching, while ambient interior LED lighting, a black headliner and a frameless rearview mirror all play their part in creating a refined interior atmosphere.

The updated design features of the CX-5 Signature is only part of what make it an appealing SUV. The feeling of being in the CX-5 has also received changes that go beyond the sensations at the fingertips. Complementing the interior is a premium driving experience by way of the turbocharged SKYACTIV-2.5T engine, refined suspension system and latest in G-Vectoring Control technologies. All refinements operating in a way to help the vehicle feel like an extension of the driver.

Additionally, a 360° View Monitor with front and rear parking sensors in the CX-5 Signature builds upon a host of new technology features.

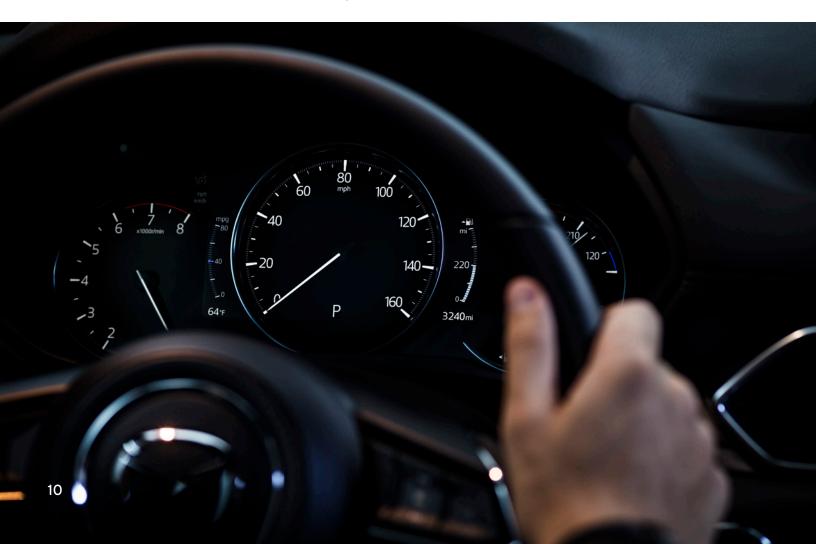

### INTUITIVE TECHNOLOGY

The 2019 CX-5 hosts many new technological features that help improve on the vehicle's comfort, convenience and safety. The aforementioned 360° View Monitor is a great aide when maneuvering into a parking spot. The 7-inch, full-color touchscreen display, holds another new feature for the 2019 CX-5; available Apple CarPlay™ and Android Auto™ compatibilities.

These infotainment technologies can help occupants use smartphone applications in a more safe manner. With Mazda's philosophy to minimize distracted driving, safer operations of these infotainment systems can be simply done with the multi-function Commander knob and shortcut buttons or voice command functions. This integration helps keep the driver's hand and eyes away from their smartphone.

In addition to the MAZDA CONNECT™ system supporting these infotainment technologies, new technology includes available features:

- Reconfigurable 7.0-inch TFT gauge display
- Ventilated front seats
- Power-folding mirrors
- SiriusXM® 3 Year Traffic and Travel Link Subscription

### SMOOTH AND SPIRITED

Mazda has expanded the engine lineup of the CX-5 to meet more customer needs with two engine options. Ideal for brisk city driving, the familiar, fuel-efficient SKYACTIV-G 2.5 naturally aspired engine is a 2.5-liter, four-cylinder engine found in the previous model year that continues to exemplify Mazda's efforts of continuous improvements and cylinder-deactivation technology.

Known for its challenger spirit by creating innovating technology solutions, Mazda is the only automakers to offer cylinder-deactivation technology on a four-cylinder engine in North America. This further improves on performance and efficiency by reducing fuel consumption by shutting down the two outside cylinders at light load cruising speeds between 25 and 50 mph.

For more spirited driving, higher trim-level CX-5 models will be available with Mazda's award-winning turbocharged SKYACTIV-G 2.5T engine. First available in the current-generation Mazda CX-9 midsize crossover SUV and most recently adopted in the 2018 Mazda6 sedan, the SKYACTIV-G 2.5T is a technological tour de force that produces 310 lb-ft of torque from just 2,000 RPM and 250 horsepower on 93-octane fuel (227 horsepower with 87-octane gasoline).

Mazda's Dynamic Pressure Turbo builds boost at low RPM by using a small inlet port to accelerate the exhaust gasses hitting the turbine, akin to how water velocity increases when one holds his or her thumb over a hose. From there, a secondary valve can open up at higher RPM for increased airflow and maximum horsepower. A pulse-scavenging 4-3-1 manifold that prevents exhaust from restricting airflow through the engine and helps the engine breathe freely.

Cooled exhaust gas recirculation (EGR) is used to reduce combustion temperatures, preventing knocking and therefore reducing the need for fuel-enrichment (when extra fuel is dumped into the cylinders as a means to cool the engine). Many times, when turbocharged engines fail to achieve EPA-estimated fuel-efficiency numbers in the real world, it is because laboratory tests don't replicate the higher-load driving styles that necessitate fuel-enrichment.

In too many instances, turbocharged engines are mated to continuously variable automatic transmissions (CVT), operating in a narrow band of efficiency, sacrificing a connectedness between driver and car—a valued characteristic of all Mazda vehicles called *Jinba Ittai*. Mazda's six-speed SKYACTIV-DRIVE automatic transmission, paired as standard to the SKYACTIV-G 2.5T engine, keeps its torque converter locked through most of its operation, giving a more connected sense of controllability than many other automatic transmissions.

A smoother and more enjoyable ride can be had when the feeling of acceleration matches the expectations of the driver. This focus, to make the vehicle feel like an extension of the driver, is found in both engines and meant to complement the premium driving experience of the updated CX-5.

### ENHANCED STABILITY: G-VECTORING CONTROL PLUS

To complement the more powerful engine, new G-Vectoring Control Plus (GVC Plus) is standard across all trim levels of the 2019 CX-5. The original G-Vectoring Control is a Mazda-exclusive technology that makes steering response more precise and consistent by using small changes in engine output to shift weight to the front tires whenever the driver turns the wheel. In this updated version, GVC Plus also improves steering response as the driver straightens the wheel, by adding a hit of braking to the outside front wheel.

The more precise response of GVC Plus helps prevent the driver from accidentally over-driving the car in high-speed and emergency maneuvers, resulting in better stability for the vehicle, and more confidence for the driver.

GVC Plus can help make any driver better by helping CX-5 go where the driver expects it, which can result in increased driver confidence and enhanced peace of mind. Purely a software control system, GVC Plus adds no weight, simply coordinating the existing electronic control systems as never before, allowing the engine and brake system to respond to the steering wheel for a seamless, coordinated response.

Additionally, the updated CX-5 receives the latest in refinements to the suspension system to offer a smoother, more linear ride quality that all occupants can enjoy. The suspension was re-tuned to reduce friction, allowing the wheels to easily glide over bumps while maintaining confident control of body motions. Steering geometry was also improved to help the CX-5 carve through corners more naturally.

### i-ACTIVSENSE TECHNOLOGIES

Confident drivers are better drivers. Mazda works tirelessly to create the eye-catching, exhilarating and safer vehicles. Engineers place the same dedication they have with driving dynamics into their safety philosophy as well.

Mazda's Proactive Safety Philosophy is based around empowering the driver with a nimble, stable, intuitive vehicle to help avoid accidents. From there, i-ACTIVSENSE safety systems provide assistance, such as Smart City Brake Support and Blind Spot Monitoring with Rear Cross-Traffic Alert, which are standard on all CX-5 models.

2019 CX-5's i-ACTIVSENSE suite of safety features include:

- Available Adaptive Front-lighting System
- Blind Spot Monitoring with Rear Cross-Traffic Alert
- Available High Beam Control
- Hill Launch Assist
- Available Lane Departure Warning with Lane-Keep Assist
- Available Mazda Radar Cruise Control with Stop and Go function
- Smart City Brake Support
- Available Smart Brake Support

Other new safety feature for the 2019 CX-5 is the 360° View Monitor with front and rear parking sensors and the addition of seat belt reminders and passenger detection sensors to include second row passengers.

### PACKAGING AND PRICING

Mazda is brand that listens to its customers, so for this update it focused on making one of Mazda's most successful vehicles even better. The 2019 Mazda CX-5 receives premium upgrades that include a new top-tier Signature trim level, turbocharged SKYACTIV-2.5T engine and new G-Vectoring Control Plus that help create an elegant and exhilarating driving experience.

For 2019, the new G-Vectoring Control Plus is standard across all CX-5 models. This technology uses small changes in engine output to shift weight to the front tires whenever the driver turns the steering wheel. What's new is that it also improves steering response as the driver straightens the steering wheel by adding a hint of braking to the outside front wheel.

CX-5 Sport comes standard with the familiar SKYACTIV-G 2.5 engine with cylinder-deactivation technology, which shuts off its two outside cylinder in cruising conditions for even more efficiency. The engine is paired to an efficient, quick-shifting SKYACTIV-DRIVE 6-speed automatic transmission with manual-shift mode and Sport mode and is rated to deliver 187 horsepower and 186 lb-ft of torque. Front-wheel drive is standard while Mazda's predictive i-ACTIV all-wheel drive is available on every trim level.

Additionally, CX-5 Sport features cloth upholstery, standard LED headlights, standard leather-wrapped steering wheel and shift knob, 17-inch alloy wheels with a new Gray Metallic color, an electronic parking brake, MAZDA CONNECT™ infotainment with a 7-inch full-color touchscreen and Bluetooth audio streaming and phone pairing, among a much longer list of features. Standard i-ACTIVSENSE safety features include Blind Spot Monitoring with Rear Cross-Traffic Alert and Smart City Brake Support.

CX-5 Touring adds the full i-ACTIVSENSE suite of safety features, such as Lane Departure Warning with Lane-Keep Assist and full-speed Mazda Radar Cruise Control with Stop and Go function. New for 2019, MAZDA CONNECT™ integrates Apple CarPlay™ and Android Auto™ infotainment technologies. The seats are upgraded to leatherette-upholstery with heated front seats. Additional CX-5 Touring features include 6-way power adjustable driver's seats, dual-zone automatic climate control automatic rain-sensing windshield wipers and two rear USB ports.

The available Touring Preferred Package includes autodimming rearview mirror with Homelink®, BOSE® 10-speaker premium audio sound system with Centerpoint®2 and AudioPilot®2, navigation, a power glass moonroof and a power liftgate.

Further building upon the Touring Preferred Package, CX-5 Grand Touring features new 19-inch bright silver alloy wheels, a reconfigurable 7.0-inch TFT gauge display and SiriusXM® 3 Year Traffic and Travel Link Subscription. CX-5 Grand Touring comes standard with black or Parchment leather-trimmed seats, 6-way power adjustable front passenger seat, LED fog lights and tail lights and Adaptive Front-lighting System.

The available Grand Touring Premium Package adds powerfolding door mirrors and ventilated front seats to go along with features such as windshield-projected Active Driving Display with Traffic Sign Recognition, heated rear seats, heated steering wheel and windshield wiper de-icer.

The new CX-5 Grand Touring Reserve trim level includes all of the features found in the Grand Touring Premium Package but also comes standard with the turbocharged SKYACTIV-G 2.5T engine and i-ACTIV all-wheel drive. This engine generates a robust 310 lb-ft of torque at low RPM and 250 horsepower on 93 octane gasoline. (227 horsepower on 87 octane gasoline).

Finally, the new CX-5 Signature tops the model lineup and features a host of premium features that help elevate the feeling of being inside the compact crossover SUV. CX-9 Signature comes standard with the aforementioned turbocharged SKYACTIV-G 2.T engine and i-ACTIV all-wheel drive to go along with a high-quality interior. These amenities include new Caturra Brown leather-trimmed seats, genuine layered wood trim, satin chrome interior accents, black headliner, leather-wrapped steering wheel with unique stitching, auto-dimming rearview frameless mirror with Homelink® and ambient interior LED lighting. CX-5 Signature also includes the new 360° View Monitor with front and rear parking sensors.

### PACKAGING AND PRICING - CONTINUED

Grand Touring Premium Package	\$1,625	\$1,625
Mazda CX-5 Grand Touring Reserve		\$34,870
Mazda CX-5 Signature		\$36,890
Available	Premium Paint Colors	
Soul Red Crystal		\$595
Machine Gray Metallic		\$300
Snowflake White Pearl Mica		\$200

### **ELEGANT AND EXHILARATING**

There is something special about the way Mazda creates its vehicles. Fueled by an abiding thirst for challenge and uncompromising beliefs, Mazda designers "THIRST FOR CHALLENGE" and engineers infuse their passion into their work to evoke an emotional

bond between the brand and its customers. These efforts to further enhance the driving experience are all seen in the continuous improvements in the CX-5 and allow it to delight customers and enrich their lives.

Instantly captivating, CX-5 gives a feeling of elegance and exhilaration all in one package. Genuine, high-quality materials and the latest in comfort and convenience technologies invite you to sit inside. With a push of a button, the adventure is underway. Performance updates and improvements are complemented with a smooth, comfortable feel to help create a premium driving experience. Along with excellent fuel efficiency and a host of proactive safety features, CX-5 can be an essential part of anyone's life.

From becoming Mazda's second-fastest vehicle to reach 1 million units to winning the hearts of customers all over the world, the CX-5 has been an unequivocal success for the Mazda brand and this trend looks set to continue.

## 2019 MAZDA CX-5 PRODUCT CHANGES

### **OVERVIEW**

### MODEL / SERIES

- Add Grand Touring Reserve (GTR) trim level
- Add Signature trim level
   Both include SKYACTIV-G 2.5T engine and i-ACTIV All-Wheel Drive standard

### **EXTERIOR CHANGES**

#### Add

- New 19 inch alloy wheel Brilliant Silver Finish (GT)
- LED license plate lamp (All)
- Signature trim badging

### Delete

• 17 inch wheel ilo 19 inch (Touring)

### **INTERIOR CHANGES**

#### Add

- Android Auto<sup>™</sup> and Apple CarPlay<sup>™</sup> (Touring/GT  $^*$ )
- SiriusXM® 3 Yr. Traffic and Travel Link Subscription (GT\*)
  Current information for:
  - Traffic
  - Weather
  - Sports scores
  - Fuel prices
  - Nearby parking or parking by destination
- SiriusXM® free subscription length now 3-months \*
- 7 inch TFT meter (GT\*)

\*These items will be standard on the 2 new trims: GTR and Signature. For the new features and equipment available on GTR and Signature, please refer to the page 4 to 7 of this specification deck.

### **KEY FUNCTIONAL CHANGES**

G-Vectoring Control Plus (GVC Plus) (All)
 The GVC Plus adds stability on corner exit,
 by adding yaw moment through the DSC (Brake).

### PACKAGE / OPTION CHANGES

- Touring Preferred Equipment package
  - Delete Mazda Navigation System
- GT Premium package
  - Add Auto Fold Door Mirror
  - Add Front Ventilated Seats

### Product changes and features availability

Features, options and package content subject to change

### ABOUT MAZDA NORTH AMERICAN OPERATIONS

Mazda North American Operations is headquartered in Irvine, California, and oversees the sales, marketing, parts and customer service support of Mazda vehicles in the United States and Mexico through nearly 700 dealers. Operations in Mexico are managed by Mazda Motor de Mexico in Mexico City. For more information on Mazda vehicles, including photography and B-roll, please visit the online Mazda media center at InsideMazda.MazdaUSA.com/Newsroom.

Follow MNAO's social media channels through Twitter and Instagram at @MazdaUSA and Facebook at Facebook.com/MazdaUSA

### Contact:
