

2019 MAZDA MX-5 SOFT TOP FACT SHEET

There's something freeing about getting behind the wheel of a lightweight roadster and venturing to the open road, with the ability to focus more on the journey than the destination. It is for those drivers that Mazda has spent nearly 30 years perfecting its flagship roadster, the MX-5 Miata. The MX-5 has brought joy to millions of drivers across the world, and now it has been perfected with SKYACTIV-G 2.0-liter engine with a power increase of 26 horsepower and 3 lb-ft of torque and an increased redline from 6,800 rpm to 7,500 rpm compared to last year's model. Complemented by new features that include a brown soft top option, tilt and telescoping steering column, more safety features, such as a standard rearview camera, and three new options packages, MX-5 continues its mission of innovating to preserve the passion of driving a pure, lightweight sports car.

Starting MSRP: \$25,730¹

EPA - Estimated Fuel Economy (mpg)	M/T - City / Highway / Combined	A/T - City / Highway / Combined
	26 / 34 / 29	26 / 35 / 29
